NEW YORK (September 16, 2020) – The next meeting of the Board of Directors of the New York Convention Center Operating Corporation (NYCCOC) will be held on Wednesday, September 30 at 1 PM via Webex, an audio/video conference call.

NYCCOC operates the Javits Center, which has been considered the busiest convention center in the United States. Designed by I.M. Pei and Partners, the Javits Center opened in 1986 and has since become New York City’s primary venue for large conventions, trade shows and special events and serves as home to many of the world’s top 250 trade shows.

These large-scale events have generated more than \$2 billion in annual economic activity for New York City and New York State, supporting as many as 18,000 jobs in and around the facility. Located on 11th Avenue between West 34th Street and West 40th Street in Manhattan, the Javits Center has 760,000 square feet of total exhibition space, 102 meeting rooms and four banquet halls, as well as a range of catering, sustainability and technology services, including wireless access. A major expansion project, which will add 1.2 million square feet of total event space, is underway and scheduled to be completed in 2021.
